General surgery

You're in good hands

Northern Beaches Hospital
by Healthscope

For general surgery, you're in good hands at Northern Beaches Hospital

As the leading hospital in the region, we're committed to ensuring a superior healthcare experience. Our caring, experienced team of health professionals use state-of-the-art technology to provide quality medical and surgical care with warmth and empathy.

State-of-the-art operating theatres

Surgery is performed in one of 14 state-of-the-art operating theatres. These impressive theatres attract leading surgeons and highly qualified surgical teams from across New South Wales and Australia.

Our surgical teams are supported by world-class technology and theatre equipment and work closely with imaging and pathology partners to bring market-leading diagnostic technology to our patients.

Recovery

After surgery, patients can expect simply wonderful care on our fully monitored surgical wards. They'll be supported by a team of dedicated and experienced nurses who'll aid in their recovery and ensure patients feel comfortable and at home.

The private patient experience

When patients choose to go private with us, they'll enjoy rapid access to surgery and the ability to choose their own surgeon. They'll have access to allied health and support teams who provide care including accredited physiotherapists, occupational therapists, dietitians, and speech pathologists.

We welcome private patients from the Northern Beaches, across NSW, interstate and overseas.
